

Back-Yard Gardening

Thursday, June 20, 2019

6:30-7:30 pm

Vegetables are **GREEN LIGHT** foods!

That means they are **GREAT** to eat anytime. But what if you can't always go to the store to buy them? How about growing them instead?! Come to our monthly meeting and learn how to start a garden in your yard (no matter how big or small). Tabatha will teach you the ins and outs of up and down gardening.
